Victorian School Girl

# CROCHET COLLECTOR DOLL • No. 1

## VICTORIAN SCHOOLGIRL

First in our series of Crochet Collector Dolls is a charming Victorian Schoolgirl. The doll has a soft, plummy body with pointed arms and legs. Her sunny dress is styled with large, puffy, wide ruffled sleeves and a long ruffled skirt. A "sleeve" hat with flower streamers sits off her head. The doll comes complete with eyes, two adorable 2 1/2" dolls have a ruffled, nightcap style hat and puffy around crown. Tiny legs peek out from under the doll's skirt. Her enchanting happy smile fills a soft plummy head, rosy cheeks and a wooden nose. The doll and accessories are crocheted entirely with crochet cotton. Embroidery floss is used to create the eyes, the hat hat styles at both top and for dolls and give the pony's mane. This lovely little girl is sure to warm the hearts of all the doll lovers in your life!

**Patterning**

Coll is assembled using crocheted cotton and memory needle. Place head on neck so that neck is about 1/2 of the way up the back of doll's head. Chen should be level with top of first row of hair made in neck (i.e. very little of the neck can be seen from the front). Turn bag ch 3 ring of Chen under so that 4 rows up crown and eye holes form into neck. Sew arms in place with top of arm and shoulder level. Turn doll upside down with back facing you. Place legs against doll's back with heel row or thigh stitches level with bag ch 20 of front. Close body and join legs at the same time. Sew all 4 corresponding stitches from back and front of legs and back and front of each thigh at the same time across.

**Hair**

Hair is made using three 9 yard lengths of amaranth floss. Starting with back strand, wrap floss four times 9 yard cord (5 turns all the way around a 9" wide piece of cardboard). Cap one end in turn 15 pieces of floss (37" long). Tie pieces together at center, fold in half and divide ends into 3 groups of 15 pieces and braid. Tie up end of braid. Wrap remainder of floss from braid and secured 9 yard cord of floss around a 3 1/2" wide piece of cardboard. Close one end to make 10 1/2" lengths of floss. Wrap three 9 yard cord of floss around a 3 1/2" wide piece of cardboard. Tie both ends to make 6 1/2" lengths of floss. Lay 6 1/2" lengths flat. Stack down 1 1/2" and make 10 1/2" lengths of floss across at right angles. Tie together using a strip of floss to form crown. Glue out floss and hair to form face and hair. Cover back of doll's head with a layer of white craft glue and press hair in place with hair comb glued to center top of head. Glue top of head to back of head at crown.
